WHAT
A 3-day I-Corps Bio-Entrepreneurship Workshop, including BIO International Convention exhibition access. Work on teams with industry mentors to learn about biotechnology commercialization, grow your professional network, and explore entrepreneurial opportunities that build on basic research.

WHO
Early-career life science researchers from groups underrepresented in biotechnology research organizations. Graduate students, postdoctoral fellows and assistant professors from universities and colleges nationwide are eligible to participate.

WHERE
Boston, Massachusetts (Campus of Northeastern University and BIO International Convention)

WHEN
June 3-5, 2018 (Sunday – Tuesday)

Event Schedule
- Saturday, June 2: Arrive in Boston
- Sunday, June 3: All-day training at Northeastern
- Monday, June 4: Morning training, afternoon at BIO
- Tuesday, June 5: Morning at BIO, debrief, done by 1 p.m.

Participant expenses, including travel, lodging, meals, and transportation will be covered by the program.

Objectives
- Experience working in diverse teams to identify and solve problems
- Understand evidence-based entrepreneurship as taught by NSF I-Corps nodes and sites nationwide
- Apply evidence-based entrepreneurship concepts via customer discovery at the BIO 2018 exhibition
- Learn how to maximize efficiency in learning and networking in a conference environment
- Learn about life sciences commercialization

How to Apply
To apply, visit innovation.unh.edu/bio-2018 and click on the link to the registration form at the top of the page.

Application Deadline: May 1, 2018 at 5 pm ET

Contact Details
If you have questions about the workshop, contact Marc Sedam (marc.sedam@unh.edu) or call 919-923-5120.
